tuscan grille

Fresh. Local. Organic

Pizzazz Tuscan Grille. Upscale, casual, inviting! We offer light, delicious Rustic Italian cuisine. Our philosophy is more than a restaurant concept, it's our way of life. We use pink Himalayan sea salt, no preservatives, no white sugar, only agave or organic raw sugar, cold pressed olive oils, sustainable seafood, as well as free range chicken. Pizzazz is the ONLY Italian restaurant in the Baltimore area of its kind! We offer vegan and gluten free options in addition to our traditional menu. In an effort to be ecologically responsible and reduce our carbon footprint, we change our menus seasonally and use local or organic fruits and vegetables. Our wine selections include biodynamic, sustainable, organic and nitrate free wine, as well as your favorite suspects. We use local small bakers that have shared our convictions about your philosophy "That Food is Medicine!"
